HEALTHCARE —

SUPERIOR HEALTHCARE

ONSITE FRAIL AND HOME-BASED CARE

Residents have access to exceptional healthcare services that go beyond just physical care. We believe in a holistic approach to healthcare, which includes respecting residents' choices and emotions, maintaining open communication with family members, providing informed medical guidance and information, and collaborating with a compassionate and skilled healthcare team.

OUR MISSION

To provide the highest possible standard of care to each and every resident of Lakeside Village and to administer this care with love, compassion and respect at all times.

OUR VISION

To see the potential for our residents to enjoy their lives and to keep growing and progressing as people – and to celebrate this potential by forging personal connections with our residents that reveal possibility and hope for the future.

Our commitment to prioritize the quality of care in our aged and frail care centre will be of utmost importance to us.

The incorporation of the latest innovations, along with a team of highly experienced staff and specialized care, will reflect our dedication to providing a safe and technologically advanced environment for our residents. The innovative systems we will implement, such as Wi-Fi connectivity, access control with geo-tracking, personal panic buttons, 24-hour monitored CCTV security, and a state-of-the-art smoke detector system, demonstrate a comprehensive approach to resident safety and well-being.

These features not only enhance the overall care experience but also contribute to a secure and comfortable living environment for the residents in our care. We will provide assisted living as well as the care of elderly persons in need of specialised accommodation and nursing services.

We will have a separate, highly specialised unit focusing on dementia, Alzheimer's and physical debilitation care needs.

We understand that to care is both an act and a mind-set. Our experienced and highly trained care staff will be supported by access to state of the art facilities and equipment.
